# *Draft* ITS WG Charter

ITS BoF Chairs:
Russ Housley and Carlos Pignataro

# Draft ITS WG Charter

- We have discussed the text of draft charter on the mail list and at the virtual interim meeting on 31 May 2016.
  - https://trac.tools.ietf.org/wg/its/trac/
  - The text has been stable for several weeks
- Does anyone have *any* issues with the draft charter?

- For the IESG to approve the charter, we need to show that there are people willing to do the work and that there is a constituency for the work.
- This is the point of the questions on the next slide …

# Questions for the Group

Raise your hand if you are …

… willing to help write the standards-track document?

15

… willing to review the standards-track document?

32

… planning to implement IPv6 over 802.11-OCB?

14 (6 suppliers to vehicle manufacturers)

… willing to help write one of the informational documents?

12

… willing to review one of the informational documents?

28

**The orange numbers reflect the count of people that raised hands during the ITS BOF.**
