

# OVAL Update

SACM WG Virtual Interim Meeting

01/25/2016

# Status

- Core data models are now in the I-D format (7 total)
  - Common, Definitions, Variables, System Characteristics, Results, Directives, and Processing
- Still working out the IPR issues
  - Plan to submit I-Ds as soon as the issues are resolved
- Next steps
  - Consider recommendations provided in the OVAL and SACM Information Model I-D<sup>1</sup>
  - Determine which data models we want to adopt as a starting point
  - Update the OVAL Data Models based on lessons learned and recommendations
